Halloween Party for Grade School Children In Afternoon, Oct. 29

Antioch News and Grade School to Sponsor Annual Parade and Party

The annual Antioch Halloween Party for grade school children will be held on October 29 from 1 to 3 p. m. The program has been moved to the afternoon, instead of in the evening as has been the custom in former years.

The event this year will be sponsored by the Antioch News and the Antioch Grade School.

Richard Whitacre, principal of the Grade school, will be in charge of the parade, which will start at 1 p. m. at the school.

Children in costume from Kindergarten through eighth grade will parade through the business district, then return to the school auditorium, where their costumes will be judged as each grade crosses the stage. Each and every child crossing the stage must be masked. Because of the number of children involved, there will be no pre-school children participating.

The morning session of kindergarten will be cancelled, and all kindergarten children will meet in Mrs. Brown's room at 12:20 p. m. and be prepared to head the line of march by 1 p. m.

Mrs. Homer Gaston, representing the Antioch News, will be master of ceremonies, and will present prizes to the winning children, as they are selected by the judges.

Six prizes will be awarded each grade—a first, second and third to the boys, and a first, second and third to the girls. All first prize winners will assemble on the stage at the conclusion of the program and grand prizes will be awarded for the best girl's costume and for the best boy's costume.

After the judging, a short entertainment film will be shown to the children. All buses will run after the conclusion of the program.

Tegelman President Of Fire Department; Secretary Gives Report

Year's Loss in Entire Dist. \$7,035 on \$247,450 Valuation

John Tegelman, vice president of the Antioch Fire department for the past two years, was advanced to president in an election of officers held by the department Tuesday evening.

He succeeds Robert J. Webb who held the office since 1952.

Charles "Tod" Mapleshore was elected vice-president.

Clarence B. Shultz was re-elected secretary, marking the beginning of his twenty-first term in that office.

George F. Garland was re-elected treasurer for the thirty-fourth consecutive time, and Marvin Toepfer was re-elected sergeant-at-arms.

Raymond Toft was elected delegate to the Lake County Firemen's association for a three year period. The next county meeting will be at Wauconda.

The report of the secretary shows that 24 regular meetings of the department were held during the fiscal year with an average attendance of 19 members.

From Oct. 1, 1953 to Sept. 30, 1954 the department answered a total of 86 fire calls. In the village there were five grass fires, one car fire, one truck fire and three building fires. The property value involved in the fires was \$59,000, and the loss \$445.

In the first fire district there were 49 grass fires, four truck and car fires, one boat fire, one trailer fire, and 211 building fires on which there was a total property value of \$188,450, and a fire loss of \$6,590.

Prizes to Be Offered For Halloween Paintings

Children of the Antioch Grade School from the fifth through the eighth grades will decorate store windows of business men who are members of the Chamber of Commerce for prizes to be awarded by the Women of the Moose.

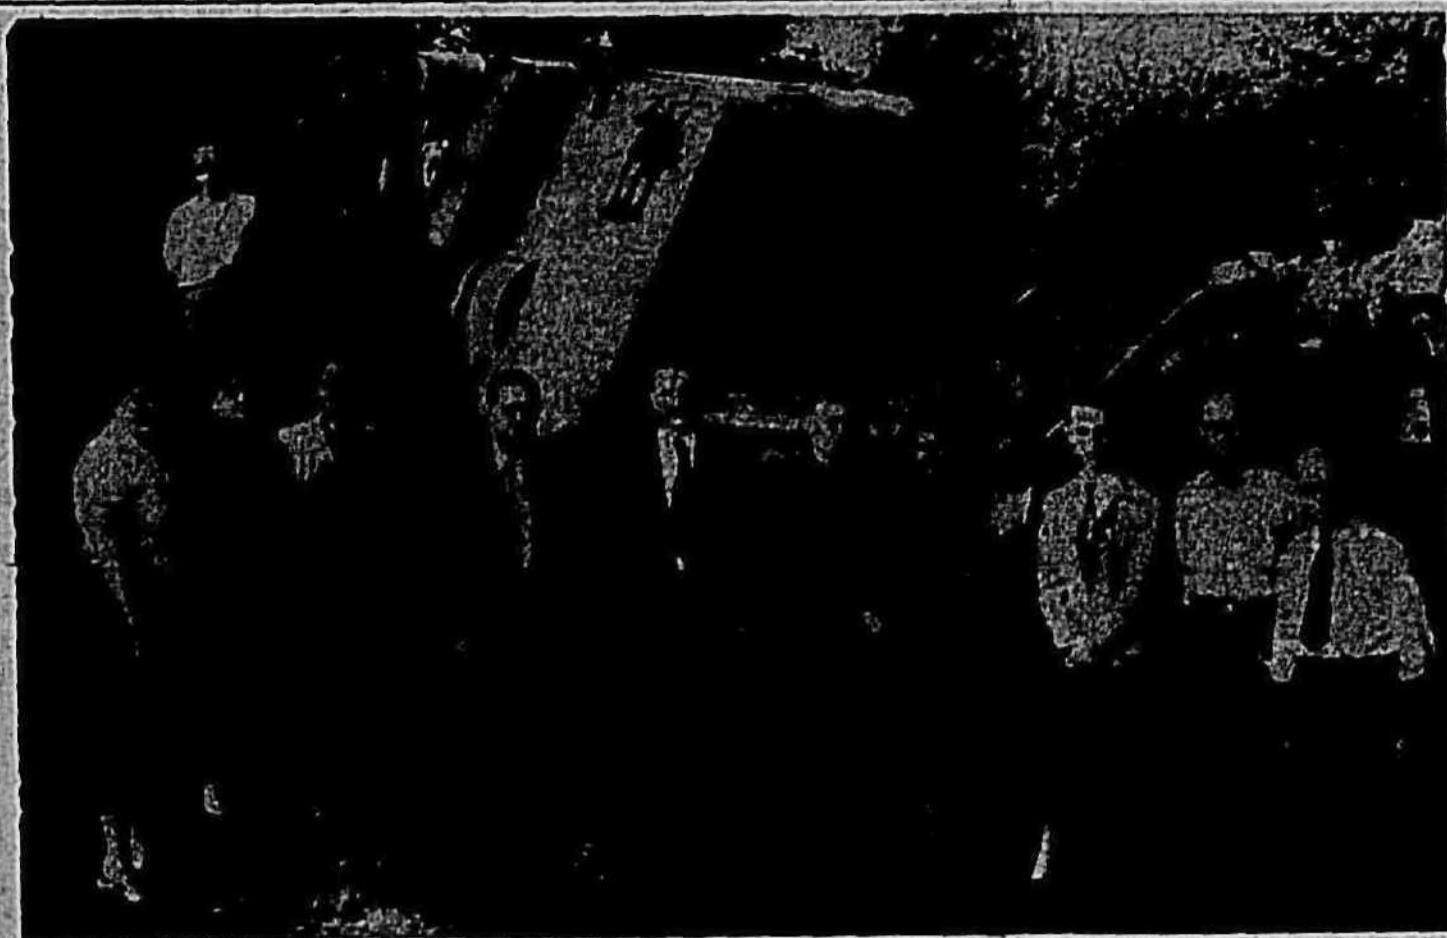

The Halloween motif will prevail in the paintings, which will start at 9 a. m. Oct. 27.

The children will arrange with the store owners for certain space which will be reserved for them. A committee will judge the art.

This replaces the indiscriminate soaping of windows.

Mr. and Mrs. George Hawkins and Mr. and Mrs. Wendell Nelson are spending a few days vacationing at Starved Rock.

Dr. Biron Addresses Convention in Indiana

Dr. W. A. Biron spent Sunday and Monday in Indianapolis, Ind., where he lectured on Chiropractic Practice and Techniques before the Indiana Chiropractors convention.

Having been professor and head of the department of chiropractic at the National College of Chiropractic in Chicago for several years and author of a Chiropractic text book, Dr. Biron was no stranger to this large group and was given an enthusiastic reception.

Monday morning he was escorted to the Lincoln College of Chiropractic and shown through its fine laboratories and class rooms.

He was able to return to Antioch in time for office hours Tuesday despite the flood conditions in Chicago and Northern Indiana.

Three Vaudeville Acts During Intermission Of Globetrotter Game

Three vaudeville acts that have shared billings with the Harlem Globetrotters basketball team in travels around the world will vie with the A. M. Saperstein wizards of the court for the applause when the Trotters play the bewhiskered House of David quintet in Antioch High School gymnasium the night of October 21. The game will start at 8 p. m.

The big benefit program, jointly sponsored by the Lake Villa Men's Club and the Antioch Lions Club, will offer the entertainment of Yvonne and Jimmy Garner, trampoline artists; Ray Wilbert, hoop manipulator, and the Faris Duo, Cuban hand balancers, with Glenn Perkins as master of ceremonies.

"I am positive these great performers will be well received during the intermission of the Globetrotters' duel with the House of David," Mr. Saperstein, owner-coach of the Trotters, said in announcing the acts that he will bring to Antioch.

Entertainment Donated

The entire program, the services of the referees, the vaudeville acts, and the two basketball teams, is being donated by Mr. Saperstein so that the Lake Villa Men's club charity fund and the drive for an Antioch High School football scoreboard can realize approximately \$3000, the total receipts which will be divided between the two communities.

The Globetrotters will have Goose Tatum and Ermer Robinson at the forwards, Clarence Wilson and Josh Gibson playing guard and Walter Dukes, a seven footer, gyrating at center at the outset. Chuck Holton, Leon Hilliard, Willie Gardner and Bill Farnett are other members of the No. 1 Globetrotters who will see plenty of action.

Eight Bowsharers Play

George Anderson, coach of the House of David, will employ eight players: Hank Decker, Bill Watson, Art Ziehn and Russ Smilke, forwards; Bob Moraski, center, and Don Tempis, Jack Garrett and Jim Keller, guards.

Referees will be Hank Stein and Ellis Hasan of Chicago.

A limited number of tickets still are available. In Antioch get them at Reever Drug Store, King's Drug Store, Card's Restaurant or in the Antioch News office. Don Summers' Pharmacy is the Lake Villa ticket outlet.

The Globetrotters and the rest of the Saperstein cast are appearing in Antioch as a courtesy to Howard T. Martin of Lake Villa, who is assistant sports editor of The Chicago Tribune. Martin and Saperstein have been friends since boyhood.

COUNTY MEETING OF WOMEN'S CLUBS FRIDAY

An effort to have all 18 clubs of the Lake County Federation of monthly meeting in the Lake Forest Women's Club represented at the library tomorrow will be made. The board will meet at 12:30 p. m.; there will be a dessert luncheon at 1 p. m. and a program at 2 p. m. in which Adeline George Karis will speak on "As I Saw Europe in 1954."

Sponsorship of the Antioch Community fund was voted Monday evening by the Antioch Lions Club at its dinner meeting at Smart's Country House.

The club appropriated \$400 for the expenses of the band which is continuing its practices and training this winter under the direction of Louis Cheneau of the high school faculty.

More members are needed and the officers of the band are asking that men or women who play band instruments join the organization.

William Dow, chairman of the ministerial show committee, says that plans are moving along rapidly for the event, but he is still looking for special and unusual talent.

Jim McMillen Out of Game With Fractured Arm; Rams Defeated

The thrill of seeing two undefeated teams will be the big attraction to the annual Homecoming of Antioch Township High School Saturday, for the Sequoits will play Glenbrook.

Both teams have won three conference victories this year. Antioch beating Grayslake last Saturday 15 to 0, and the Spartans winning from the Bensenville Bisons 28 to 18.

Statistics show the Sequoits a better defensive team so far, for they have only been scored on once in contrast to four time for Glenbrook. They will be without the services of Jim McMillen, tackle who suffered an incomplete fracture of an arm in the Grayslake game and will be out of the lineup until late in the season. Bob Terry or Fred Clark will take his place.

Economic Highlights

Sport is something that cuts across barriers of language, race and geography. Throughout the world, legions of people—many of whom have small interest in political ideologies—eagerly follow the sporting news in the papers and attend events whenever they can. The top athletes and teams are as well publicized as chiefs of state, and are warmly admired.

The Soviet Union, which misses no bets in the great game of propaganda, fully realizes this fact and is cashing in on it. Today sport is a novel but extremely important weapon in the Kremlin's "peace offensive," and superbly trained Soviet athletes of both sexes are making full-time jobs of winning friends and influencing people on their country's behalf.

A number of articles about this relatively new Soviet policy and its significance have been printed. An excellent summary appears in the August 20 issue of U. S. News and World Report.

This account begins, "Soviet Russia is pushing a world-wide sports offensive with a calculated goal: Victory over everybody—but most of all over the United States—in the 1956 Olympic games at Melbourne." Even a few years ago that goal would have seemed ridiculously impossible. In past times Russian contestants were successful only in some highly specialized sports which have comparatively few participants or followers in this country, such as gymnastics and women's field and track events. But an amazing change has taken place. Russia has been winning at sports which used to be dominated by the West. Soviet basketball team won the European championship. Soviet skiers have defeated the Scandinavians. A Soviet ice-hockey team won from the Canadians, who were supposed to be unbeatable. A Soviet star seems to be the best ice-skater now in practice. Most startling of all, Soviet rowing crew was victorious at the internationally famous Henley Regatta, which caused the London Times to observe ruefully, "We have suffered reverses in the past, but never quite so complete."

The Russians have done this by making sport, in the words of U. S. News, "a big grim, production-line business, run from grade school to Olympic track by that supercocker, the state." The ruling sports body has the status of a Cabinet ministry. Promising girls and boys are sent to a series of sports schools, and spend all their time developing athletic prowess. Training is year-round. They are paid well, live well, and have many special privileges—so long as they win. And the amenities are not forgotten. In recent international events, the sportsmanship demonstrated by Soviet athletes has been praised even by unfriendly observers.

U. S. sports leaders and organizations are concerned about this—both because they want Ameri-

can victories and because they know that Soviet sports success is a very definite asset to Soviet world policy. They are urging harder work and training by our athletes, particularly those who will go to the next Olympic Games. Hundreds of millions of eyes will be turned on Melbourne in 1956.

Grass Roots Opinion

WINDOM, MINN., REPORTER: "You can't spend more than you have and remain solvent. The longer such a system is followed, the more impossible it becomes to keep afloat. Know anyone who trades in a mortgaged car on a new one and has both a newer car and a bigger mortgage? The woods are full of such people. It is bad economics. It's somewhat like drug addiction. This applies equally to a person, a business, or a government."

INDIO, CALIF., NEWS: "Democratic Senator Byrd of Virginia and Republican Chairman Styles Bridges of the Senate Finance Committee are joint sponsors of a proposed Constitutional Amendment which, in the interests of America, should be submitted and adopted in a jiffy time. In brief, this amendment would prohibit deficit spending . . . We think there would be a very little difference of opinion among those Americans who honor simple arithmetic above socialist theories."

MOUNT DORA, FLA., TOPIC: "The safe-guard against the 'thinking' of communists, and their efforts to worm their way into labor organizations, is best obtained through education of adults and youth on just what communism is, and permit its disavowal under a system of free discussion."

ODESSA, TEX., AMERICAN: "There was once a young show girl who came bustling into the dressing room breathlessly exclaiming, 'I've just met the loveliest richest man. He owes \$800,000.' In that philosophy the United States is surely 'the loveliest, richest' country in the world since the Federal debt is now moving past the \$275-billion-mark, compared to \$207 billions owed by all the other countries in the world."

The Low Down From Hickory Grove

Today I doff my fedora to Hoosierdom—Hoosierdom, the land of my father. And Indiana being the land in which my father chose to be born, I say, I look no further for a land of distinction. I'll tell you a little about what they have been up to in Indiana-land, and are getting away with it. It can be a lesson to 47 other states that should be sufficiently robust and prideful to refuse Govt. alms. And any state or person imagining that today's alms are not repaid via its tax bill next April 15 should contact a phenologist.

The idea in Indiana is that it can run its own affairs—knows its own needs better—and do it for less money than can a far away Govt. that scatters its shots far and wide across our land.

Indianapolis has turned down a Federal grant for slum clearance—turned down a big flood control grant. No threat of any floods thereabouts, said Indianapolis. Statewide they are resisting Federal school construction aid—Federal aid to education—eliminating schools from the "free" school lunch gimmick. They look under the covers—these Hoosierdom folks—they see who is there—they are no green peas—they are equal to the task and they shoulder it. They hoe their own row—with pride and with distinction—this land of my father.

Yours with the low down,

Your wife works this hard
every washday-

WHY?

AN ELECTRIC DRYER TAKES THE WORK OUT OF WASHDAY.. yet costs only \$1.93 a week to own!

Feel a crick in your back, Mister? Think of your wife! She struggles with an 87-pound load of wet wash every week.

Why? Why should she . . . when an electric dryer costs only \$1.93 a week?

A dryer really makes washdays fast and easy. It tumbles the clothes gently in warm-air breezes (the air's heated electrically—cleanest, driest, fastest way there is). Most clothes come out ready to put away, so ironing time's cut in half. And there's no fading . . . no rain spots . . . no soot.

See the new electric dryers at your nearby appliance dealer's or our store. Make the \$5 and \$10 down payment that puts one in your home. Then, brother, get set to be kissed like you haven't been in a long time!

Breeze through washday! An electric dryer gets clothes looking and smelling fresh as sunshine . . . and without fading!

Lions Members Hope to Ferret Out Burglars in Antioch Community

The Antioch Lions club will serve as a listening post in an effort to obtain leads by which burglars who robbed local stores and a home may be apprehended.

President Ted Larson, Ed Jacobs and Lloyd Murie will serve as a committee to evaluate and investigate information that is obtained by members of the club and turn over pertinent facts to the Antioch police.

Members of the club are quite disturbed over the several and costly robberies and are anxious to do all they can to help the police catch the burglars.

"We are working on the supposition that the burglars are persons living in this area," said President Larson.

The club at its meeting this week saw a movie on management and employee relationship provided by Principal Albert Dittman and shown by K. F. Deitrick.

Three new members were voted into the club. They are Ed Strand, funeral director; Roy Hartman, of the Antioch Sheet Metal Works; and

"Around Town"

"It worked, Emily! I asked Tim to pick up my wristwatch at THE JEWEL BOX and he bought an engagement ring while he was there!"

WE'VE GOT A GREAT TOWN
Fine people, pretty churches, good schools, paved streets—and a lot of other things we can brag about.

But there's a lot of things this community—like many others—could have to make it much better.

Making this town nice enough to keep our young people from moving to other towns or cities is **TOP PRIORITY**. No One for the Veterans of Foreign Wars.

We've got a lot of big ideas about what we can do as a non-partisan, non-sectarian group of citizens for the welfare of our community. We can do a better job—and do it quicker—if all overseas veterans will give us their help as active members.

Once you join up and hear about our plans we know you're going to agree—**"THE V.F.W. IS A GOOD OUTFIT!"**

Although the enrollment is limited for ease of instruction, there will be room for a few more interested persons. The next meeting of the class will be on Wednesday, Oct. 10 at 8 p. m. Arrangements will be made at that time for make-up of the first class. For further details call Mrs. H. C. Benson (Ant. 772).

Wonder What Started The Fire?

Learns Love of Country Young

That Star Spangled Banner is raised every clear day and taken down every evening by Gary Atkinson, 3½ years old, son of Mr. and Mrs. Alfred P. Atkinson of Kenwood Ave., Gurnee. Love of country was inspired by his grandmother, Mrs. Carl (Marie) Weiss of Antioch, who came from Denmark when she was 11, and who says, "The United States Flag is just beautiful and No. 1 on my list." Last summer the Atkinsons read in The Waukegan News-Sun about the seeming indifference of citizens in flying the flag; they bought a new nylon one, five feet by eight feet, and now the whole family participates in the ceremony of raising and lowering the flag. Atkinson, who works for the North Shore Food Service, a first lieutenant in the Army Air Force Reserve, has just returned from 12 days jet training at George Air Force Base, Mohave Desert, Calif.
